Broadband Program Manager

---

*We're working to ensure Albuquerque's  
broadband future is accessible,  
affordable, and inclusive.*

---

# BUILD THE PLANE WHILE IT'S FLYING

- ACCESS
- AFFORDABILITY
- INCLUSION

---

# BROADBAND ENERGY AT THE LOCAL LEVEL

- Free WiFi for all residents including the most vulnerable populations. (Homeless shelters, Public housing facilities)
- Fiber-to-the-home available throughout the city.
- FCC's Affordable Connectivity Program (Internet Resources Fair)
- Eliminating pass through ROW fees from low-income customers.

---

# TAKING CARE OF EACH OTHER

- FCC's Affordable Connectivity Program (Internet Resources Fair)
- Eliminating pass through ROW fees from low-income customers.
- Increase community awareness on benefits of broadband.

# Lessons Learned

- Broadband is not a provider issue or a government issue. It is a community issue.
- Broadband is one of the great equalizers that allows people to live with dignity.

# What's next?

- Competition
- Greater resiliency and state-of-the-art network capacity
- Research and development

**Thank you.**
